i885 ALTEREGO

EN/ A modular system with wide horizons, capable of giving shape to the most diverse solutions, freeing the design imagination and compositional possibilities. The soft and prestigious feather padding is combined with top quality leather or fabric upholstery, capable of creating an allure of timeless elegance. Canaletto walnut is in turn the protagonist in open compartments and tops in a fascinating synthesis of aesthetics.

FR/ Un système modulaire aux larges horizons, capable de donner forme aux solutions les plus diverses, libérant l'imagination du design et les possibilités de composition. Le rembourrage en plumes doux et prestigieux est associé à un revêtement en cuir ou en tissu de première qualité, capable de créer une allure d'élégance intemporelle. Le noyer Canaletto est à son tour le protagoniste des compartiments ouverts et des plans de service, dans une synthèse fascinante d'esthétique et de fonction.

EN/ There are those who prefer the pleasure of a profound culture of design to the seductions of the present, a vintage inspiration that comes from an iconic past, perpetuating its inimitable charm, in time and space. With its mobement of empty and full spaces, Capitol speaks the language of 20th century architecture, the expression of a civilization of living in which tradition and research coexist: as different yet intimately complementary elements.
